TESTIMONIALS FROM OUR STUDENTS

Umm Abbad is not an institute that only teaches its students.
This academy strives to better the teacher together with its student.

Umm Abbad has a special quality of uniting and connecting to students online with encouragement to students to connect with their communities.

Our Asaatithah at this institute are compassionate and leave each student feeling like they are the special one.

I feel at this academy that I'm a part of a whole community of Muslim women of all ages, each one striving to gain a deeper understanding of deen and closeness to Allah Ta'ala via the various dynamic courses available online at Um Abbad.

I've been with the academy for 2 years now, and I feel confident enough to open up kitaabs and teach with confidence with the support and ilm that my Asaatithah at Um Abbad have strived to enrich us with.

May our Allah Ta'ala reward our Asaatithah and supporters of this institute, with the best of both worlds and reward them and grant them and their beloved families long life in the service of deen with aafiya . Ameen

Like food nourishes the Soul, Umm Abbad and its team nourishes our spirituality. I have been a student since its inception- Small classes guarantees invididual attention, Classes are diverse and well-structured The arabic language with all its nuances comes alive , Alhamdulillah !

الحمد لله

Being in the gardens of ilm has brought such amazing barakah into my life. While the academic study is rigourous, the focus on spiritual development gives the course its life. We are never allowed to become complacent and are always pushed to do .more, to do better, aim higher
May
Allah accept!
